More Light *More View*

Now you can have a contemporary design and energy efficiency all in one.

Enhance your home's design with a sleek, clean look. Milgard® Style Line® Series windows will make your home feel expansive and the slim profile allows for plenty of natural light. With clean lines, functionality and durability, you will enjoy the light, the view and so much more for years to come.

"They stand by their product. We have lived in a home for more than 22 years that had Milgard windows. They truly do have a "lifetime warranty". This is why we chose Milgard again as replacement windows in a different home. The difference these windows made was astonishing to look through."

Full Lifetime Warranty

At Milgard, we build our windows and doors to last. With the dedication to quality that we put into building the best windows in the business, it wouldn't make sense to back them with anything but the best warranty in the business.

That's why we back every properly installed window and door for as long as the homeowner owns their home – including parts and labor. It's why you can be sure you won't find any windows better than Milgard.

Why you should choose Milgard windows and doors

Quality

Milgard offers award-winning windows and patio doors built for long-lasting comfort. For over 50 years, industry experts have consistently recognized Milgard as a trusted brand. By producing our vinyl and fiberglass frame materials in-house, we can more closely monitor for quality control. Milgard windows and patio doors stand up, while standing out.

Service

We serve the Western U.S. and Canada with a dozen full-service facilities and customer care centers. Our belief is that by being close to our customers, we can provide you better service.

Peace of *Mind*

All Your Needs are Covered

- Worry-free vinyl construction that won't corrode and does not need painting.
- Custom sizes built to your exact specifications.
- Positive Action™ Lock that assures you when the window is closed, it's locked.
- The standard dual-pane construction provides more noise control than single-pane windows, giving you more peace and quiet.
- Optional Accessory and Comfort Package upgrades to maximize efficiency and durability.
- Seemingly endless combinations of windows, doors, and transoms in any array you can imagine.
- Style Line Series windows are designed for both new construction and replacement projects.

Hassle-free Installation

Style Line Series windows can be manufactured with the specific frame profile needed for replacement or new construction projects, giving the flexibility your installer requires.

Installation Configurations

Block Frame

Enables quick "tilt-in" installation with almost no disruption to siding or interior trim casework.

Nailing Fin

Perfect for home additions and remodeling where siding or stucco is removed.

Z-bar

Integrated window trim that makes replacing windows on stucco homes fast and easy, reducing the possibility of costly repairs.

Exclusively for the Style Line Series, the Comfort Package is an optional upgrade that includes:

Accessory Package

Weep hole covers and Pull Rail Screens described below.

Glass Breakage Coverage

With Glass Breakage Coverage, your broken glass will be replaced at no charge. See Full Lifetime Warranty for details.

Milgard Energy Package Upgrade

Ask your Milgard Dealer to guide you through the best energy package for your area and climate that can meet or exceed ENERGY STAR® standards.

Accessory Package

The optional Accessory Package gives you additional features that help your windows perform even better.

Weep Hole Covers

An aesthetic touch, but these help to keep the weeping system clear of debris or pests.

Pull Rail Screens

Let the fresh air in while keeping everything else out. This upgraded screen frame has an integrated pull rail that makes removing the screens easy. Available on horizontal slider and single hung windows.

Define your home with *Windows*

Style Line® Series windows can be combined to include different operating styles for even more design options.

HORIZONTAL SLIDER

Horizontal Slider windows open with the sash sliding left or right. In a single slider, one sash slides to open. In a double slider, both sashes open.

Since they open and close without protruding, horizontal sliders are an excellent choice for rooms facing walkways, porches or patios.

SINGLE HUNG

In the single hung window, the bottom sash moves up to open and allow air flow and the top sash is fixed. Since it opens and closes without protruding, single-hung windows are an excellent choice for first-story rooms. Single hung windows work well in combinations.

CASEMENT

A casement window is hinged at the side and opens outward like a door. Unlike single hung or sliding windows, a casement window has no rail for an unobstructed view. If you're installing windows over a sink, countertop or appliance, a casement window with a crank can be the perfect solution.

AWNING

Awning windows are hinged on top and open outward, enabling ventilation without letting in rain or falling leaves. They are a great choice to pair with non-operable windows, such as above or below a picture window.

PICTURE AND RADIUS

Like the art on the walls, picture windows are the frame for your view. With picture windows, you can frame your view in just about any shape or size. Combine picture windows with any operating style, and use in any room.

SLIDING DOOR

Style Line Series sliding patio doors are the perfect complement to Style Line windows, with the same narrow frame profile that expands your home and your view.

Positive Action Lock

With its simple operation, the Milgard Positive Action Lock is window hardware you can count on to perform. Made to close and lock the window securely in one action, it eliminates any guessing. If the window is closed, it's locked. Plus, it meets and exceeds the toughest residential forced entry codes in the nation, making your windows beautiful and safer.

Casement and Awning Hardware

The operating hardware for casement and awning styles is an innovative folding handle that tucks out of the way with the locking hardware designed for smooth, easy-to-operate action. A folding nesting handle with stainless steel hardware is available as an optional upgrade.
